## Spelling Strategies & Tips

-  Break the word into syllables
  -  Example: re-mem-ber instead of remember
  
-  Say the word slowly and clearly
  -  Stretch out the sounds: ex-er-cise instead of exercise
  
-  Use a mnemonic (memory trick)
  -  Example: BECAUSE → Big Elephants Can Always Understand Small Elephants
  
-  Think about word families
  -  Example: light, might, bright, night – All have "-ight"
  
-  Visualize the word in your mind
  -  Imagine the word written in the air or on a board
  
-  Write the word multiple times
  -  Writing helps your brain remember patterns
  
-  Use rhyming words to help
  -  Example: If you can spell cat, you can spell hat, bat, rat
  
-  Look for silent letters
  -  Example: knock (silent "k"), write (silent "w")
  
-  Find smaller words inside big words
  -  Example: together → to-get-her
  
-  Spell the word out loud
  -  Saying the letters helps reinforce memory
  
-  Use flashcards to practice
  -  Write the word on one side, the meaning on the other
  
-  Practice tricky words with drawings
  -  Example: Draw a bee next to believe to remember the "ie"
  
-  Listen carefully to the word when spoken
  -  Break it down by sound before writing it

- 📌 Check for double letters
- 👉 Example: happy, butter, balloon

- 📌 Practice, practice, practice!
- 👉 The more you practice, the easier it gets!
